**Policy CSD 16: Air Quality** All development proposals should be designed to be air quality neutral The design and layout of a development should seek to improve air quality to protect the health and wellbeing of all end users

There is inconsistency here and clarity is needed by use of the word **improved**, rather than neutral

**(Continue on separate sheet if necessary)**

**5. Please set out what change(s) you consider necessary to make the Local Plan legally compliant or sound. Please provide any suggested wording or re-wording you consider necessary.**

All development proposals should be designed to improve air quality.

**6. If you are seeking a change to the Plan, do you wish to express an interest to participate in the Examination?**

<b>I wish to participate at the oral examination</b>	<b>YES</b> (please delete)
--	----------------------------

**7. If you wish to participate at the oral part of the Examination, please outline why you consider this to be necessary:**

CPRE Oxfordshire have within our organisation experts across all fields in countryside protection. We have responded with several Part B forms in this area and consider we are best placed to voice areas of concern in relation to this top consultee priority.

**(Continue on separate sheet if necessary)**

**Please note:** *the Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate at the oral part of the Examination.*
